

**ANNUAL INTERNATIONAL
SCIENTIFIC CONFERENCE**
«Economic Development
and Legacy by Simon
Kuznets»

DATE:
October 29, 2026

Dear colleagues,

We are honored to invite you to participate in the **Annual International Scientific Conference «Economic Development and Legacy by Simon Kuznets»**, dedicated to this outstanding scientist, Nobel laureate in Economics in 1971.

The Conference will be held on **October 29, 2026** at **Simon Kuznets Kharkiv National University of Economics** in a mixed (off/online) mode.

The conference will be held in the form of a roundtable discussion "A Rebooting World: Sustainability, Innovation, and New Development Trajectories".

The event mission is to create a platform where economists and representatives of academic, governmental and private institutions can present their research findings, exchange ideas and share information in a collegial environment. Eminent scholars and practitioners from around the world gather to present, discuss and exchange valuable information in the fields of economics, business, education and social sciences.

Areas of discussion:

1. The Opportunity Economy: Growth Models in the New World
2. Universities of the Future: Knowledge, Talent, and Global Mobility Ecosystems
3. 21st-Century Social Landscapes: Well-being, Equity, Inclusion
4. Digital Worlds and Smart Technologies: From Data to Solutions

Sincerely yours, Organizing Committee
